

Job Announcement

Position: Systems Manager II
Department: Management Information Systems – Technical Services Manager
Annual Salary: \$59,524.09

Management Information Systems:

The Management Information Systems (MIS) Department, under the direction of the agency's Deputy Administrator, Administrative Services, provides the planning, delivery and support of technology related products and services for the agency, including: network connectivity, hardware infrastructure, database management, application development, disaster recovery planning, network security, website development, help desk support, telephone services, check printing, batch and system backup operations.

The MIS Department is also charged with researching technology trends, and formulating and communicating a "technology vision" that supports the agency's mission and goals.

Duties of the Systems Manager II:

- Manages day-to-day activities of the Technical staff to ensure adequate systems delivery and problem resolution.
- Ensures the technical environment is adequate to meet the business needs of the agency.
- Makes recommendations to senior management regarding the planning and budgeting of technology resources.
- Coordinates the maintenance of existing systems and will participate in the implantation of new PeopleSoft pension system.
- The ability to listen and encourage input from every team member
- Have the abilities to plan for the future, organize, and build strong teams that can meet the technology demands and objectives of the agency.

Education and Experience Requirements:

The preferred candidate(s) for the position will have a bachelor's degree from an accredited four-year college or university in computer science, data processing, business information systems, or a related field and six (6) years of directly related experience. Candidates should be customer focused, quality oriented, innovative, and results and learning oriented; should communicate effectively; and must display strong teamwork skills.

If you are interested in this position, please submit your application on or before Friday, October 31, 2014. Applications should be submitted via this site -
